

E-Consultation for the Smart Device Applications Survey

Title: Smart Device Applications Survey

Publisher: The Ministry of Finance

Subject: Survey on Smart Device Applications

Concise Introduction: This survey was posted on the official social media accounts to identify the type of services that need improvements and to release an application (or applications) for these services on smart devices to facilitate easier access to and usage of, these services.

Status: Completed Consultation Period: **From 25-03-2021 to 25-04-2021**

Abstract: [In an effort to achieve digital transformation and facilitate access to the users of MOF's services in easier ways and available channels, this survey was posted to identify the targeted services. Based on the votes of the participants, an application for individuals' services was developed for smart devices to enable the users to complete the required procedures in simple steps and higher effectiveness that save them time and effort].
